The top three horses in each of these Performance Rating categories are listed in rank order within each race: Projected, Last Race, Best at today's distance/surface and Good Races. For symbols after the Projected Performance Ratings, an up arrow symbol suggests a possible upside, a down arrow symbol suggests a possible downside, and a question mark signifies a particularly uncertain rating. Categories where ratings cannot be determined are marked with an "x". The top Projected Performance Rated horse in each race is indicated with a white program number on a black field.
